Colour Choices - 35mm, 48mm, 63mm

Bespoke colouring service

Step 1

Choose Pole Type, Diameter & Length

Smooth

Diameters available: **Lengths available:**

35mm

35mm = 1.2m - 4.8m

48mm

48mm = 1.2m - 6m

63mm

63mm = 1.2m - 6m

Reeded

Step 2

Choose Finish

Specify your own colour from any leading paint manufacturer to match your walls or decor. Alternatively you can send a sample of fabric/ wallpaper to match your curtains. We can also stain some finials to your designed wood finish. The choice is yours!

Any of the finial choices can be painted **however** we can only offer wood stains with the following finial choice: Ball, Acorn wood and Urn

Step 3

Enhance your pole

Add a distressed effect to any satin painted pole and/or swap standard wood brackets for metal or recess brackets if preferred.

Examples:

Painted Pole

Distressed Pole -

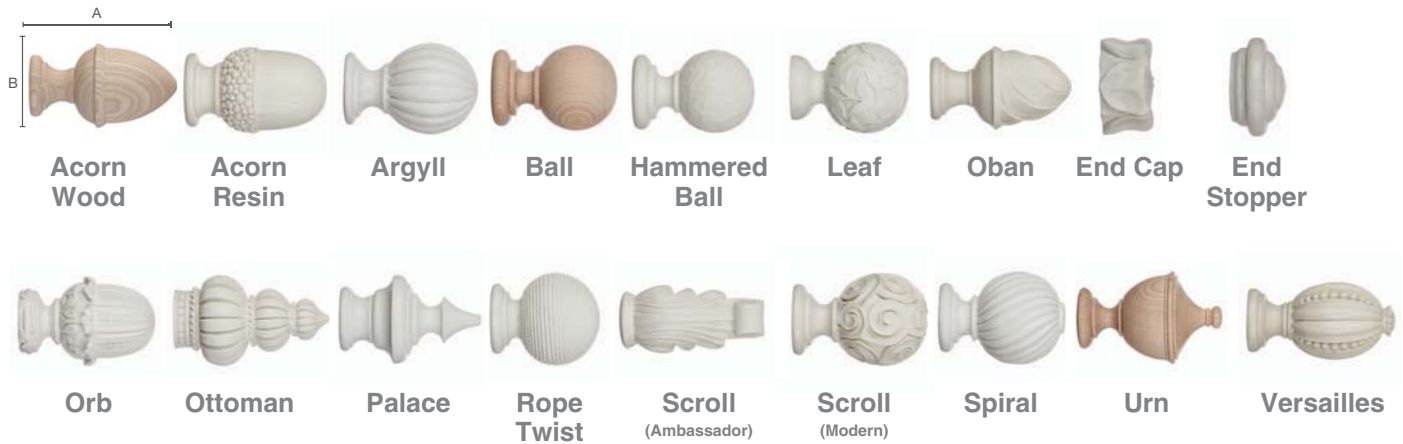

Colour Choices - 35mm, 48mm, 63mm

Bespoke colouring service Step 4

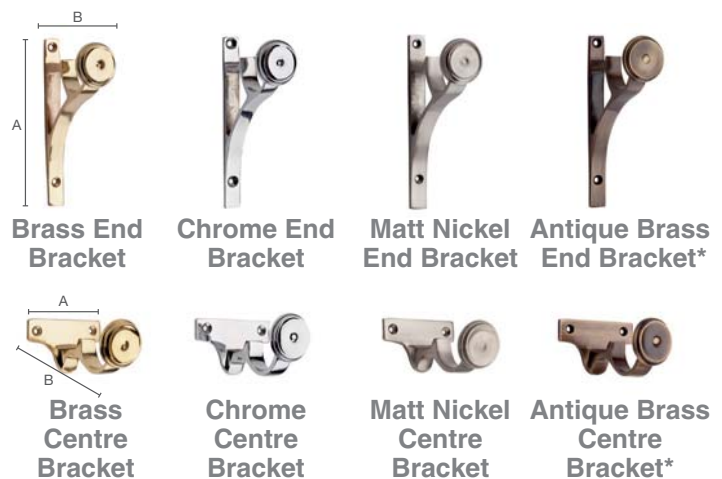

Choose finial design or end cap

Our Colour Choices
fob could be the
answer!

Woodglide - 35mm - Corded & Uncorded

Bespoke colouring service & Wave

Woodglide is a unique system with a track concealed inside a pole. The brackets fit over the top of the pole enabling the gliders to run freely offering a strong wood pole available in long lengths - both corded and uncorded. This 35mm range is also available incorporating Silent Gliss Wave®.

Step 1

Choose corded or uncorded - and pole length 1.5m to 6mtr

Corded

Uncorded

Step 2

Choose Finish

Choose either the standard white painted finish or upgrade to a Colour Choices finish!

Paint colours can be from any leading paint manufacturer or send a sample of the fabric/ wallpaper you would like it to be and we will match it for you.

The choice is yours!

Step 3

Enhance your pole

Add a distressed effect to any satin painted pole and/or include Silent Gliss Wave

Distressed Finish Option

Wave Option

Pole Cross Section

Woodglide - 48mm Corded & Uncorded

Bespoke colouring service

Step 1

Choose corded or uncorded - and pole length 1.5m to 6mtr

Corded

Uncorded

Step 2

Choose Finish

Choose from either stock, Unfinished, Walnut or Natural Stain or specify your own colour from any leading paint manufacturer to match your walls or decor. Alternatively you can send a sample of fabric/wallpaper to match your curtains. We can also stain some finials to your designed wood finish.

The choice is yours!

Any of the finial choices can be painted **however** we can only offer wood stains with the following finial choice: Ball, Acorn wood and Urn

Step 3

Enhance your pole

Add a distressed effect to any satin painted pole and/or swap standard wood brackets for metal brackets if preferred.

A Selection of Options Available

New for 2015!

Swish Design Studio is a range of 28mm & 35mm mix and match poles with innovative and stylish finials. All poles in all lengths are supplied in one piece (including 2.4m) making them ideal for eyelets.

The 11 new finials are uniquely proportioned to work with both the 28mm & 35mm poles.

There are four finishes available: Graphite, Satin Steel, Antique Brass and Chrome.

Every pole comes with a standard collar that can be upgraded to either a contemporary or classic design.

There are 3 simple steps to achieving the perfect look.

1. Choose your pole: length, finish and diameter
2. Select the finial that complements your look
3. Complete your design by choosing from a range of accessories including collars, rings, holdbacks, and specialist brackets

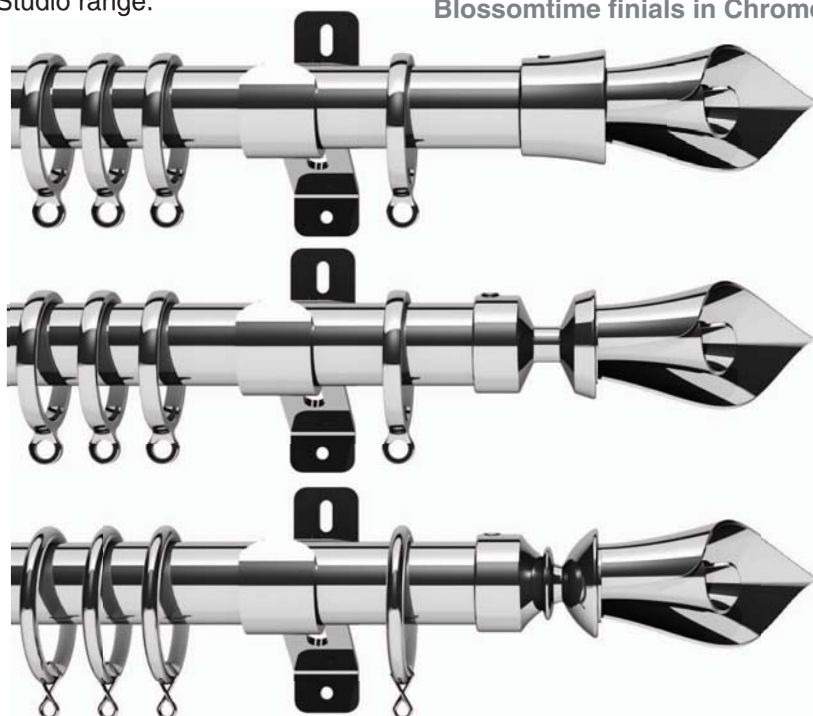

See pages 56-60 for the entire Design Studio range.

Wave curtain heading system

Silent Gliss Wave heading system creates a smooth continuous wave effect for your curtains, whether the curtains are open or closed.

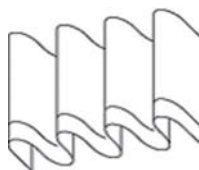

Wave is used as an alternative to traditional pinch, pencil pleat or goblet style headings and gives a more contemporary finish. The glider cord is contained within the curtain track, this limits the extension of the curtain fabric, creating a smooth and continuous effect.

Wave heading is available for use with the following Silent Gliss systems:

- 3840 - Uncorded
- 6243 - Uncorded
- 3840 - Corded
- 5090 - Autoglide
- 5200/5400 - Electrically operated track
- 6100 - Metroflat (36mm)
- 6120 - Metropole (30mm corded)
- 6130 - Metropole (30mm uncorded)
- 6140 - Metropole (50mm uncorded)
- 6160 - Metropole (50mm corded)
- 6150 - Electric Metropole (50mm)

A Silent Gliss Wave curtain workroom guide is available. please contact Sales: Telephone 01273 439527 or email orders@price-regency.co.uk - to ask for a copy.
